V14Lite

QUIET. POWERFUL. PRACTICAL AIR

The **V14Lite** delivers a quiet yet powerful performance, from a compact and practical machine. Perfect for those jobs where high pressure, flexible compressed air is required in a residential setting.

COMPRESSOR TECHNOLOGY PIONEERS

BENEFITS

-  **Impressively quiet 60dBA noise levels.** Keeps the job running day or night. Minimal disturbance for nearby residents.
-  **High pressure 14 bar pulse free air.** Provides a reliable air flow for optimum performance.
-  **Continuous running technology.** For maximum productivity, 100% duty cycle
-  **Plug and Play.** Connects to a standard 240V plug for maximum flexibility
-  **Simple to operate control panel.** For quick installation and set up, minimising downtime
-  **Compact footprint.** Fits neatly in the back of a van. Easy to lift and move around site.

High pressure

100% duty cycle

Simple to operate

V14LITE TECHNICAL SPECIFICATION

Key features

| Maximum Pressure | Maximum Air Flow | Power | Voltage | Noise | Duty Cycle |
|------------------|------------------|-------|----------|-------|------------|
| 14 bar (203psi) | 200lpm (7.06cfm) | 1.6kW | 220-240V | 60dBA | 100% |

Product Specifications

| | | | |
|--|-----------------------------|----------------|---------------------------|
| Dimensions | L 365mm x W 410mm x H 625mm | Cooling | Oil injection, air cooled |
| Air out port | 1/4" quick release plug | Weight | 26kg |
| Options: Air filtration, preparations and receiver volumes can be specified to customer requirements. | | | |

Vert is a technology pioneer, advancing one of the biggest innovations in the compressor industry for over 40 years.
